

Sexual Education Opt Out Policy

Coral Community Charter School (School) shall implement the State mandated health education performance standards including age-appropriate sexual abuse and assault awareness and prevention training in all health education classes.

Parents may request that their child not participate in the parts of the curriculum that address the sexuality performance standards by completing a request for exemption on the forms provided by the School. These forms may be obtained from the Administration office at the School. Families will be made aware of this Policy and of the option to opt out through the School's parent notification system.

Alternative lessons to the sexuality performance part of the health education curriculum shall be extensions of the health education curriculum at the grade level of the student whose parents request the exemption. These alternative lessons shall be developed by a certified school instructor and approved by the School's Head Administrator.

Adopted by the Coral Community Charter School Governing Board on January 30, 2019.
